

# Fishery Reports

## Tonbridge & District Angling & FP Society

Neal Rogers with his Weirwood PB Perch of 2lb 14oz

**NEW LAGOON** This little water continues to fish exceptionally well with fantastic bags of Tench from 1lb 8oz to 5lb. Lots of nice Carp to 7lb being caught as well as specimen Roach and Rudd to well over 2lb. Bream to 6lb 3oz and other mixed silvers showing to maggot and sweetcorn. Our Open Day on the New Lagoon was on Saturday 26th May where anyone of any age was welcome and a report will follow in July's Informer.

**OLD BALLAST PIT** This is a real runs water for Carp with lots of multiple captures reported with fish to the mid twenty pound mark. Some nice bags of Bream coming out with the odd good sized Tench to 7lb.

**BARDEN LAKE** Several of the big Carp have made an appearance recently. Ted Bryan has had a couple of 48lb fish as well as some smaller fish. There have been a few multiple captures on good days also. A few nice sized Tench to 7lb+ and huge Bream to over 13lb have also been caught. There is huge potential here for some really big Bream. Jason Craven recently beat his PB with a nice 10lb 4oz fish.

**LONGFIELD LAKE** This lake continues to produce some nice Carp to mid twenties as well as Bream and Tench to 7lb+.

**HAYSDEN LAKE** Some good mixed silver match weights have come from here recently, mainly Roach and Skimmers but the odd decent Bream and Tench get caught also.

**WEIRWOOD RESEVOIR** Now it has warmed up and the water clarity has improved, the fishing is getting better each week. The Perch have now started to move into the shallower areas feeding on the fry. Neal Rogers recently upped his Weirwood Perch PB to 2lb 14oz on dropshot tactics. Pike fishing has now finished until the Autumn. Carp fishing continues to be good with some nice multiple fish captures.

Jason Craven with his PB Bream of 10lb 4oz

## Iden Wood Fishery

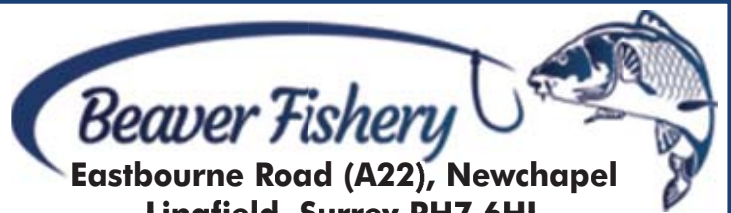

Tel/Fax: Andy Ashdown
