### TENTERDEN TROUT WATERS *Tenterden, Kent*

We hope that the mild weather will continue so that anglers can enjoy some good early season sport.

The water levels are high and the lakes are fully stocked with strong fighting Rainbows and Browns.

### STOWING TROUT LAKE – *Ashford, Kent*

The week's before Christmas were quiet as usual. Best flies have been Damsels, Bloodworms, Hare's Ears and Montanas. More Browns than usual have been caught and released recently. Best bags were had by **Terry Mann** from Chichester, five Rainbows and one Brown. **Roy Gaskin** from Hythe caught five taking two small ones and on a second visit caught and took two Rainbows both weighing 10lb 14oz.

Both Colin and Carole would like to thank all our angling friends for coming in 2011 and wish them happy times in 2012.

Anglers please note we are open all year. Our half day ticket of £13 runs from 8am until 2pm or any five hours during the winter months. Four fish can be released.

### BRICK FARM LAKES *Herstmonceux, East Sussex*

Our first Christmas Ladies versus Gents Fishing Competition was a rip roaring good day. Three teams (1 Ladies and 2 Gents) produced a close finish with all but 1 angler catching their full bag within the 4 hours allowed. The Gents B-team, lead by their inspirational captain John Harratt, won the day with an average bag weight of exactly 7lbs receiving the Brick Farm Lakes Christmas Challenge Trophy and of course the all-important bragging rights for a whole year – sorry Ladies!

Beautiful winter sunny conditions continue to provide very good fishing with catch rates over 85%. Flies working include Cats Whiskers, Nymphs, Damsels and Montanas. Browns as well as rainbows are now being stocked through to early Summer. The new lodge remains open throughout the winter with warm food and drink and the wood burner lit to warm yourself by.

Recent rainbow catches include a 5lb 8oz by **M Bowley** from Bexhill-on-Sea, a 5lb 6oz by **Terry** from Croydon on a Damsel, a 5lb by **P Mitchell** from Hastings on a Cats Whisker, a 4lb 10oz by **Chris Smart** from St Leonards-on-Sea, a 4lb 5oz by **Andy Wilson** from Robertsbridge using something mysterious and a 4lb 8oz by **Will Johns** from Brighton on a Green Nymph.
